

Scientific Writing Workshop for Engineers

OCTOBER 29 ● 11:30a-1:00p

Students interested in improving their scientific abstracts and learning best practices for creating effective visuals are encouraged to apply for this workshop.

Participate in this workshop to:

- Familiarize yourself with the narrative structure of an abstract
- Learn best practices for creating effective visuals
- Improve a working abstract or figure
- Receive feedback on your abstract from faculty and peers

Who should apply:

- Undergraduate, graduate or postdoctoral students in the process of writing a research poster, manuscript, or thesis.
- Those interested in receiving feedback on an abstract or graph
- Individuals wanting to refine their writing and data visualization skills

[Apply](#)

KU students will receive a discounted registration rate of \$15 after their application is approved. Apply early - limited spots available.
